LVTONG[®]

Guangdong Lvtong New Energy Electric Vehicle Technology Co., LTD.

ABOUT US

Guangdong Lvtong New Energy Electric Vehicle Technology Co., LTD. (stock code: 301322) was founded in 2004, stands in Dongguan City, Guangdong Province, China.

With an area of more than 200,000 square meters, its annual capacity is about 20,000 units. We are a professional modern enterprise specialized in research, production & sales of floor cleaning machines. A professional R&D team is our strong backup. We concentrate on product innovation and upgrade. Products include walk-behind floor scrubbers, ride-on floor scrubbers and ride-on floor sweepers. All our products comply with international quality standards and achieve energy-saving, low consumption, high efficiency and eco-friendly performance. With the concept of "Quality first, Customer first", we believe that we will not only win the customer but also will the market.

LVTONG®

V6 RIDE-ON FLOOR SCRUBBER

Advantages

- Smart designed control panel.
- innovative and intelligent PCBA control with multi-protection function.
 - a) Low battery warning and protection.
 - b) Overcurrent and short circuit protection.
- Convenient to use with memory function.
- Soft start motor for more comfortable operation.

Product parameter

Model	V6	Product dimensions	1350*580*1050mm
Battery capacity	24V/100Ah	Package dimensions	1550*700*1240mm
Driving motor	550W	Scrubbing width	560mm (19 inch single brush) 710mm (2*13 inch double brushes)
Brush/Suction motor	550W/450W (single brush) 2*380W/450W (double brushes)	Squeegee width	860mm (single brush) 1050mm (double brushes)
Clean water tank capacity	60L	Max speed	9km/h
Recovery tank capacity	55L	Working time	2~5 hours
Max theoretical work efficiency	2000m²/h (single brush) 3200m²/h (double brushes)	Net weight	228kg (single brush) 245kg (double brushes)
Applicable space	2000~4000m²	Gross Weight	281kg (single brush) 320kg (double brushes)
Maximum climbing capacity	15%		

LT-S560X RIDE-ON FLOOR SCRUBBER

Advantages

- Built in charger.
- Seat sensor for anti-misdriving safety protection.
- Large-diameter brushes.
- Durable and stain-resistant floor mat.
- External water gun, convenient to take.
- Lithium iron phosphate battery.

Product parameter

Model	LT-S560X	Product dimensions	1400*770*1230mm
Battery capacity	24V/100Ah	Package dimensions	1550*860*1310mm
Driving motor	500W	Scrubbing width	560mm (22 inch brush)
Brush motor	550W (single brush)	Squeegee width	890mm
Suction motor	450W	Turning radius	1.3m
Clean water tank capacity	85L	Max speed	7km/h
Recovery tank capacity	90L	Working time	3~5h
Max theoretical work efficiency	4400m²/h	Charging time	5h
Net weight	186kg	Charger	24V20A (Lithium battery)
Maximum climbing capacity	15%	Work noise	70 dbA

LT-S710X RIDE-ON FLOOR SCRUBBER

Advantages

- IC card swiping startup.
- LED light.
- Pressure washing removes stubborn stains.
- Modified HDPE cover, more solid.
- High-quality tires with excellent anti-slip and durability properties.
- Modified squeegee blade, acid-resisting, alkali-resisting and oil-resisting.

Product parameter

Model	LT-S710X	Product dimensions	1400*770*1230mm
Battery capacity	24V/100Ah	Package dimensions	1550*860*1310mm
Driving motor	500W	Scrubbing width	710mm (2*14 inch brushes)
Brush motor	2x380W (double brushes)	Squeegee width	1130mm
Suction motor	450W	Turning reduis	1.3m
Clean water tank capacity	85L	Max speed	7km/h
Recovery tank capacity	90L	Working time	3~5h
Max theoretical work efficiency	5600m²/h	Charging time	5h
Net weight	196kg	Charger	24V20A (Lithium battery)
Maximum climbing capacity	15%	Work noise	70 dbA

LT-S860X RIDE-ON FLOOR SCRUBBER

Advantages

- Big capacity water tank.
- Automatic speed reduction in turns.
- Automated loading/unloading brush.
- Low water level waring of solution tank.
- Water suction delayed off.
- Water full protection for recovery tank.
- Pipe blockage protection.
- Precision fault alarm (PFA) system.
